

Ninety Six Revitalization

Restore pride, beauty and a sense of history to the Town of Ninety Six is the mission statement for the Ninety Six Revitalization Implementation Task Force Groups.

The Beautification Task Force has been focusing on the landscaping of various spots of interest around Town. One of their completed projects is a gated alley and flower bed located on N Cambridge Street. Through partnership with a local landscaping business, the iron gate has been painted and a basket of beautiful flowers decorates the gate.

The Marketing Task Force will be promoting the Town of Ninety Six and its entities with new marketing logos. The Task Force will be utilizing the logo in publications and on various promotion products. The group has also made recommendations for activities that will encourage community participation and promote the Town of Ninety Six.

The History/Cultural Task Force will be promoting Ninety Six through its history. The Task Force will be seeking assistance in gaining a Historic Designation for the Town.

The New/Existing Business Task Force will be exploring ways to encourage property owner participation in the Revitalization efforts. The Task Force will be addressing issues such as vacant and deteriorating buildings and ways to attract new business to Ninety Six.

The Finance Task Force will make recommendations for financial assistance such as small business loans and possible grants to aid the business needs. The Task Force has sought the guidance and recommendations of persons involved in other revitalization efforts.

The next scheduled meeting of the Revitalization Implementation Task Force will be Thursday, May 29, 6:30 PM in the Depot. Community participation is encouraged. For Information, call Donna Wells, 543-2458.
